GREAT MARSTON TREATMENT.

MAKING CHOCOLATE.

THE PROCESS OF MANUFACTURING THE COCOA CAKES OF COMMERCE.

Picking Out Itad Kernels and Defective Berries-Bruising and Mixing the Cocoa impaired. I tried most all prominent phy-

The first operation is the picking over.

they fit and thus being quite separated. I then sent to the drug store of T. E.

The sorted cocoa is then broken up in a sort of mill, each separate "hopper" holding about 50 kilograms. The operation, which lasts from three-quarters of an hour, is very delicate. Upon its success depends that of a whole around its success depends that of a whole around its catarrh and I am proud to recommend a

Ing of the berry in a machine similar in longer and feel confident that I will be enuse as well as appearance to an old fashioned flour mili with its grindstones. It bruised the bean between two fluted cylin ders, while a ventilator blows out the fragments of skin or shell, and the grain of the coson by reason of its weight, falls.

BLOOD OF A TEXAN below. On leaving the machine the cocoa goes to a new group of "pickers over," blood poison, which continued to increase, BLACK'S OPERA HOUSE last and close examination.

COCOA AND SUGAR. The cocoa is now at the point of be-like a new man, and I an now rapidly re-oming pasts. Ten years ago this change covering. W. H. DAVIS. coming paste. Ten years ago this change covering, was accomplished by hand work alone. San Mar The cocon and sugar—the only ingredients of healthful, pure chocolate—were pounded in a mortar by the aid of a pestle, then spread upon a stone table, gently warmed from inderneath. The workman finished the bruising and the mixing by mate Pains and the use of one bottle of B. B. B. has done the work, but I will mish inished the bruising and the mixing by matic Pains and the use of one bottle of B. olling the mass with a rolling pin until B. B. has done the work, but I will finish the blending was complete.

To day the bruising and the mixing of

the cocoa and the sugar is done pechanically in a series of granite basins. These These busins, hung upon a vertical axle, turn

busins, hung upon a vertical axle, turn shouly while the cocoa is again being ground and stirred by two small grind stones hung above.

The sort of butter which the cocoa berry contains and the correct temperature maintained beneath the granite basins seen brings about the commingling of the cocoa and the sugar into a homogeneous passe. The grinders complete the transformation by fleating the paste between two diamonal shaped cylinders, also of granite. This mechanism can be so regulated as to make the mixture fine or coarse.

All who desire full information about the chore of blood Poisons, Serofula and Scrofulous Swellings, Uleers, Catarth, etc., can secure by mail, free, a copy of our 32-page Illustrated Book of Wonders, filled with the most wonderful and startling proof ever before known.

so tempting to the eye.

The cakes are molded while cooling. They are cooled "down below" on the tables set up in a long subterranean gal lery made expressly for the purpose—a veritable tunnel, in fact. Beneath the

A GREAT MISTAKE

has heretofore been made in the treatmer of rheumatism, neuralgia, and nervous sick headache. This is evidenced by ti failure on the part of thousands of sufferer to find relief, even though they have ex hansted the skill of various physicians an tried numerous so-called remedies. To such Athlophoros is offered as a safe, such and quick cure. Its success has been plue nomenal, and yet it is not surprising be cause it will do all that is claimed for it. The Athlophoros Co, will gladly refer any who desire to make an investigation to re liable parties who have been cured by it

Geo. W. Hiff, 47 Ellen Street, Cincir nati, Ohio says: "The rheomatism rapidly spread through my whole system, untievery muscle, joint and nerve was the source f agonizing pain. I was confined to my bed for four weeks, enduring almost a living death. I could not even bear the weight of a sheet over me. If anyone looked at me or came towards me I would scream out the very thought of being touched or moves would seem to cause more pain. I did not know what sleep was for three weeks, my people were treating and giving me every known remedy, the doctor did everything he could, but nothing did me any good Finally, one afternoon, my sister gave me a dose of Athlophorns and two more dose during the evening. That night, for the first in three weeks, I slept well. The next day the swelling began to go down, for a was inflammatory rheumatism, my legs and knees being swollen to nearly double the natural size. In a weeks time, with the aid of two cases, I went out for a walk. I con-tinued the medicine using two bottles. It is over a year since, haven't had the least

symptom of a return of the disease and have not lost a day's work. Every druggist should keep Athlopheros and Athlophoros Pills, but where they can-not be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills. For liver and kidney diseases, dyspepsia in-

Enjoy Life.

What a truly beautiful world we live in Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily ob-tain satisfactory proof, that Green's August Flower, will make them free from disease, as when born. Dyspepsia and liver com-plaint are the direct causes of seventy-five per cent, of such maladies as biliousness, indigestion, sick headache, costiveness, ner-vous prostration, dizziness of the head, palpitation of the heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10c. Try it.

ground on my head. I carry a large sear mented. There were bowls for the cap-to this day as a reminder. But then 1 tain and me, but only cheps,icks and did not know what happened me. I was short porcelain spoons for the others.

Practically dead, as far as consciousness is A large bowl was put in the center of concerned, for nine days, at the end of the table, into which the general put a

Prof. Boyesen has pointed out truthfully same custom prevailed. After a time the the limitations put upon the American table became much distigured with the novelist by magazine editors and young various gravies which dropped from the women readers, on whom he has to depend spans and chopsticks, and occasionally a for his chief support. The fiction writer servant wiped it with a cloth. The dinner must not expose a social or religious went on through two hours, and new sham, because there are hundreds if not bowls of fresh meats and soups seemed veritable tunnel, in fact. Beneath the tables passes a stream of cool air. At the end of half an hour the chocolate is cool, consequently shrunk a little and drawn away from the mold, of which each is, by the way, the very image.

There remains nothing but to make the toilet of the cake that it may appear to the world.—F. B. Merrill in New York Graphic.

Sham, because there are hundreds if not thousands of subscribers who believe in hever cading.

I finally suggested to the general that I could can no more, but if he balance until I came back in two years from now I would do the best I could of the cake that it may appear to the world.—F. B. Merrill in New York Graphic.

Sham, because there are hundreds if not thousands of subscribers who believe in never cading.

I finally suggested to the general that I could can no more, but if he balance until I came back in two years from now I would do the best I could.—This sally was received with laughter and ended the feast. Dishes the straint. At the same time, Professor Boyesen goes too far in assuming that there is no considerable audience of novel and fun at this dinner. I told Charles readers in this country outside of the Lamb's story of the discovery of roast pig.

"young girl" public. The contrary is which was received with shouts of laugh-'young girl' public novels or translations from the French that he had one house and a pig and

Lightning and the Corosnot.

Sir Emerson Tennent long ago called attention to the power of the coconnut fice yesterday. They were lovers. She palm to conduct lightning, and the subject had her Grecian jaw tied up in a handis again called up by a Ceylon paper. Five kerchief, and one of her pearly molars hundred of these trees were struck on a was aching away with fifteen horse single plantation during a succession of power. He was pale, and little shivers thunder storms in April, 1869. But the trees suffer terribly from the effects, for, however slightly they may be touched, they are sure to die. Even if only the George turned paler yet, and his ch edges of the leaves are singed, or only a wouldn't hold still to be wiped off. He few of them turned brown, the tree will had rashly promised his daisy that if she in the end wither gradually and perish.-

Effect of Abundant Food.

As showing the effect of abundant food, a late writer says that in France the population is annually increasing at the rate of 29 in every 10,000, although there a late writer says that in France the are fewer marriages, and fewer births than him. His hair crawled. His knees formerly. The fact is, people in that wouldn't stand still. He braced himself country now live longer than they used to, and tried to smile, but his legs wobbled, because the supply of food from home and his smile went down behind his collar, from this and other countries is fourfold what it was fifty years ago.-Brooklyn

BEAUTION. NO MORE AUCTION.

For the simple reason that we cannot pack and ship our combined Private and Auction Sales, we stop the Auction and make an extra cut in prices at Private Sale. Twenty-seven floors of Elegant Furniture, Curtains, Draperies, Rugs, etc.,

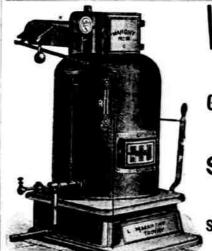

AT PRIVATE SALE.

WITH PRICES CUT BELOW AUCTION BASIS.

We MUST close out every dollar's worth of our tremendous stock, as we positively retire from business. It is the opportunity of a life time, and railway fares are a very small item in comparison with our cut in prices. We guarantee every article sold.

A. C. BLACK & CO.

These Paints are in every respect strictly first class, being composed of the best and purest materials obtainable. They have a larger sale than any other paints made in this country or abroad, and, although they cost a trifle more per gailon than any others, they will do more and better work for the same amount of money, owing to their won-50 am derful covering properties, while their superior durability renders them the most eco nomical paints in the world. Sample Cards and Descriptive Price List free by mail.
